If you have had the Grippe, you know its aches and pains, the fever, the chills, the cough,

the depression-you know them all. The Grippe exhausts the nervous system quickly, lowers the vitality. Two things should be done at once: -the body must be strengthened, and force must be given to the nervous system. Cod-liver Oil will do the first; Hy-pophosphites the second. These are permanently and pleasantly combined in Scott's Emulsion.

It lifts the despondency and heals the inflamed membranes of the throat and lungs. But you need not have LA GRIPPE. You can put your system in condition unfavorable to it.

You can have rich, red blood: resistive strength; steady brain and nerves. Scott's Emulsion prevents as well as cures. And whether you send or go for Scott's Emulsion, be sure

you get the genuine.

SCOTT & BOWNE, New York.

opera house last night that eyer assembled in that house. Si's band is great, every one of the performers being an artist and the music they make is superb, the orchestra is one of the finest on the road. At Prescott opera house Thursday evening, May 13. See the parade and hear

the concert. The Si Perkins company is billed for Taursday evening, May 13. This company is meeting with great suc-ess in this part of the country and is receiving flattering press notices. Their midday parade is novel and unny and the band is the talk of very town they have played in. They give a free band concert in front of the opera house at 7 o'clock and all lovers of classical music
